THE NATURAL STORY:

Following in the footsteps of its wildly popular predecessors - the FitLite Breeze and Bolt - Apex is proud to introduce The Natural, our latest additions to the FitLite family. Our product development team searched high and low for the latest and most innovative textiles in footwear design and found our woolly friends are a fabulous resource for footwear! Not only is wool natural, but it also aids in breathability, optimum comfort and temperature regulation. This attractive, fashionable, functional, versatile footwear has universal appeal for both women and men and can be worn comfortably year-round.
